

Company Profile

DWC GENERAL TRADING & CONTRACTING CO.

Overview

DWC General Trading and Contracting Company (DWC) is a multinational company Headquartered in the United States with operations in Kuwait, and the Philippines. We provide safe, high quality and schedule-driven design-build, construction and maintenance services uniquely tailored for Government needs focused on military projects.

Our Kuwait operations were established in 2009. We have since successfully completed numerous projects as a prime contractor for U.S. Army Corps of Engineers on Kuwait Ministry of Defense Projects.

The DWC management team has a vast amount of experience in government and military projects. We maintain a core staff of highly experienced engineers and technical experts that enables us to quickly mobilize to meet customer needs.

Our expert engineering, construction, and logistics services team stands ready to provide the highest quality service to any project whether commercial or government and any level of complexity.

Vision

To focus on the company's growth, by building internal development and working with partners who exemplify the innovative spirit, customer focused approach, and established products and services that our customers desire.

“Your Vision. Our Expertise”

And to help make it easier for our customers to manage their business processes. Standing behind that purpose are our principles for operating the business – with a focus on competency, highest standard of quality and trust – all of which keep us closely connected with our customers.

Today, working in unison across all our products and markets, our employees, business partners, and advisors are tied by a common bond: being connected with our customers to help them to succeed.

Our pledge is to establish lasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional performance by every member of the construction team.

Mission Statement

DWC aims to deliver quality construction services on schedule and at or below budget - Every Time. From planning through post construction, DWC is committed to each project and the team involved. We work as a collaborative team to develop, design, and construct each project and we ensure our clients participate in the process every step of the way –consulting on the design, and achieving their goals for cost, schedule, and quality.

***“Trust,
Responsibility &
Reliability”***

DWC will continue to expand its efforts to grow by meeting customer needs today and in the future by continuing to build partnerships based on trust, and by establishing direct relationships with our customers. We accomplish this by responding to changing market conditions, building a performance driven culture that continues to provide value-added construction services to our customers, by improving job site productivity through effective job controls, maintaining a safe workplace and utilizing the latest technology and by creating an environment that fosters growth and development of our people.

Quality

"Our reputation for excellence was built by providing high-quality, cost-effective contracting services to the military sector.

For years, the foundation of our success has been striving for complete customer satisfaction in every aspect of our work.

We have applied this expertise to design-build and upgrade & repair on various system throughout military bases in Kuwait, along with substantial facility improvements, construction and maintenance.
